Statins were prescribed to about For many patients, it will likely come down to money: They also had fewer heart attacks, strokes and angioplasty procedures than would typically be seen in patients on less aggressive statin regimens. Other drugs in this class include: The human body requires a constant supply of a fat called cholesterol , which it uses to make hormones, bile and vitamin D. From this, they predicted there would potentially be up to 3, otherwise preventable heart attacks and strokes in the following years. Lipitor and atorvastatin contain the exact same active pharmaceutical ingredient drug molecule and are equally effective. By the end of the study, both groups had significant reductions in the fatty plaque lining their arteries, with few serious side effects. In October , the ABC science program Catalyst ran a two-part episode called Heart of the Matter , which looked at the cause of heart disease and the effectiveness of statins. By combining the annual cost for each statin with the number of patients, the estimated cost for U. Lipitor is supplied in packs of 30 as round, white tablets with the letters ATV stamped on one side and the dose 10mg to 80mg stamped on the other side. Like all medicines, patients can experience side effects from the use of Lipitor. Patient Assistance Programs for Atorvastatin Patient assistance programs PAPs are usually sponsored by pharmaceutical companies and provide free or discounted medicines to low income or uninsured and under-insured people who meet specific guidelines. A doctor may prescribe Lipitor for her patient if they are in any one or more of the following high-risk categories with: You might also like Statins have improved the quality of life for many people who would have otherwise suffered debilitating cardiovascular disease. Atorvastatin is a member of the statins drug class and is commonly used for High Cholesterol, High Cholesterol - Familial Heterozygous, High Cholesterol - Familial Homozygous, and others. On some measures, patients taking Crestor did better than those on Lipitor: Generic availability had an effect on pricing, but did not overcome the general price differential between the 2 markets.
