Sorry, your blog cannot share posts by email. Counterfeit versions of Viagra and dozens of other Pfizer medicines rob the company of billions in annual sales. The new site, Viagra. Most had half or less of the promised level of the active ingredient. Pfizer said it will consider expanding online sales to other products in the future. Judson Clark, an Edward Jones analyst, forecasts that Viagra sales will decline even further, about 5 percent each year for the next five years, unusual "for a drug in its prime. He says well over half of his patients who do broach the issue complain about Viagra's price. Generics are copycat versions of brand-name prescription drugs. Patients don't realize the drugs are fake or that legitimate pharmacies require a prescription. I've seen photographs of these places," he says. Want more information fast? Pfizer, which invented the term "erectile dysfunction," has long been aggressive in fighting counterfeiters. But that represents only 3. Instead, they sell in bulk to wholesalers, who then distribute the drugs to pharmacies, hospitals and doctors' offices. They can legally be made after a drugmaker's patent, or exclusive right to sell a drug, ends. But there is no such thing as generic Viagra.
