Many men turn to the internet for erectile dysfunction medication. Does this mean I can buy viagra online? Our service will eliminate this risk. Unscrupulous, illegal websites could still copy and display this logo so, in addition to this, the RPS recommends that users do the following: The drugs are known to have side effects, including lowering or raising blood pressure, headaches and indigestion. Viagra is to be prescribed online for the first time to British patients, which could encourage men embarrassed by their impotency to seek treatment. What if I have purchased or used a medication that I think may be illegal? People who attempt to buy viagra or treatments for erectile dysfunction online risk wasting their money on costly fakes. Not all men can get drugs for erectile dysfunction on the NHS and research suggests only around half of those who suffer do so. Viagra-style drugs bought online may be counterfeit, contain unsafe levels of active ingredients or have other harmful substances added to them. Unregulated websites cannot provide this important safety measure. Unfortunately, most online sources are unregulated and patients risk receiving fake medicines, which contain little, if any, of the active ingredient. Currently, none of these pharmacies can provide viagra without a prescription. While internet pharmacies can make it easier to obtain prescribed drugs, they cannot replace necessary face-to-face consultations with clinical staff, as the RPS has emphasised. Andy Murdock, pharmacy director of Lloydspharmacy, added that it would provide a safe alternative to unregulated online pharmacies selling fake drugs. Unscrupulous, illegal websites could still copy and display this logo so, in addition to this, the RPS recommends that users do the following: If viagra is prescription only, why has Boots been given permission to sell it? Viagra is a medication for erectile dysfunction. It works by relaxing your blood vessels and increasing the blood flow to your penis.
