There should be no shame in personal faults, instead recognising and tackling our most detrimental traits is to be applauded. In contrast, plateauing depression seeks to shield the undesired notion of feeling, in essence neither living nor dying but rather switching off altogether. And yet, as I explored in this piece on Girl, Interrupted , cinema really can be a lifeline. Pages using infobox film with unknown parameters. And I think the reason Miramax has struggled is the fact that it doesn't have a traditional dramatic structure, in terms of a clear, unqualified ending. View the discussion thread. Existence is too much a burden, with every moment seeming harder than the last. It is an onerous full time job shrouded in secrecy. Retrieved from " https: Elizabeth is very clear that Prozac has helped her, but you're left with a dilemma, because perhaps she no longer knows who she is. The film had its world premiere at the Toronto International Film Festival on September 8, ; distribution rights were acquired by Miramax Films with the intent of giving the film a wider theatrical release. This page was last edited on 16 February , at Prozac Nation DVD cover. Yet my aim with this little series of articles is to relate a message of reassurance whether it be good, bad or ugly.If the movie really did capture the sense of the zeitgeist suggested by its grandiose title, or if it carried some intriguing stylistic urgency that carried us into its depressive labyrinth, perhaps Lizzie's journey would be palatable. But the long delay between Prozac Nation's shooting (in) and its emergence on cable-TV and. Prozac Nation Award winners Christina Ricci (CURSED, MONSTER) and Jessica Lange (BIG FISH, ROB ROY) star in this emotionally charged true story about a journey into excess!
