

pharmacokinetics of oseltamivir according to trimester of pregnancy

J Antimicrob Chemother ;65 suppl 2: The manufacturer reports IC₅₀ of 0. All but patient number 11 had singleton gestations; that patient was enrolled in the study but was later determined to be ineligible because of a twin gestation. Severity of pandemic influenza A H1N1 virus infection in pregnant women. Oseltamivir is adequately absorbed following nasotracheal administration to adult subjects with severe H5N1 influenza. Antimicrob Agents Chemother ; Thirty pregnant women receiving oseltamivir phosphate 75 mg were recruited. Plasma samples were obtained at 0, 0.5, 1, 2, 4, 8, and 16 hours. A cross-over, randomized, open-label study. Simonsen L, Leff RD, Pharm Ther H. With the use of an area-under-the-curve, maximum concentration-time method. Am J Obstet Gynecol. Jun;166(6 Suppl 1):S10-S15. doi: 10.1097/00006215-200206000-00010. Epub Mar 9. Pharmacokinetics of oseltamivir according to trimester of pregnancy. Greer LG(1), Leff RD, Rogers VL, Roberts SW, McCracken GH Jr, Wendel GD Jr, Sheffield JS. Author information: (1)University of Texas. Feb 24, - The purpose of this study was to determine pharmacokinetic parameters for oseltamivir in all trimesters of pregnancy. Thirty pregnant women, 10 per trimester, who were receiving oseltamivir phosphate (75 mg) were recruited to study first-dose pharmacokinetics. Plasma samples were obtained at 0, 0.5, 1, 2, 4, 8, and 16 hours. Mar 9, - FULL TEXT Abstract: The purpose of this study was to determine pharmacokinetic parameters for oseltamivir in all trimesters of pregnancy. Thirty pregnant women, Jun 3, - during pregnancy. METHODS. A multicentre steady-state pharmacokinetic study of OS was performed in 35 non-pregnant and 29 pregnant women. A and B) and oseltamivir carboxylate (C and D) in non-pregnant and pregnant women. A and C non-pregnant, pregnant. B and D non-pregnant, trimester 1. (APR 3) University of Texas Southwestern Medical Center, Dallas: Pharmacokinetics of oseltamivir according to trimester of pregnancy New research, Pharmacokinetics of oseltamivir according to trimester of pregnancy, is the subject of a report. According to recent research from Dallas, United States, The purpose. By a News Reporter-Staff News Editor at Biotech Week Current study results on Pregnancy have been published. According to news reporting out of Dallas, Texas, by NewsRx editors, researchers stated The purpose of this study was to determine pharmacokinetic parameters for oseltamivir in all trimesters of pregnancy.
