Some pills are more solidly pressed By the way I'm talking about the 10 mg tabs, but you can relate to any mg. If I said one potato made better fries than the other, this makes me a complete and utter jackass It might not be entirely placebo. In general, it has way more to do with the dose than the brand. Brand name or generic, it all has the same amount as stated, unless it is some fake from india or pakistan or something Well there is no point arguing in a thread brought back from the dark ages I've always preferred Watson hydrocodone to anything other brand hydrocodone. They do say generics don't HAVE to have the exact mg in the pill. I'm sorry I read it wrong. Watson happens to have the best recipe, hence the love for their pills by everyone. That's what kind of offended me as being indirectly called a newbie. I do notice a difference though, as many others do. My dealer used to say the Watsons were "the good stuff" and I thought he was crazy. It's retarded, the FDA is pretty fucking picky about putting the right amount of drug in a pill. Whether the mallincrodt pills are underdosed or less bioavailable is irrelevant to me. Does anyone know the reason behind this? Enough is enough already. There is no truth to that statement so dont take it seriously. I would compare one M 10 mg hydrocodone generic for norco to be equivalent to maybe one 5 mg hydrocodone V qualitest brand.Sep 30, - I know you can order the real thing on these out of country websites but I do not want to get in trouble. It may sound really weird but if I could get a look alike placebo I'm sure I could put a stop to the thieving plus I want to teach them a lesson. I know you may think I may be trying to scam somebody by Why is generic norco m so weak? - rubeninorchids.com Use the Zeebo brand to design your Honest Placebo experience. RED/WHITE Colored EMPTY gel GELATIN CAPSULES ~SIZE 0 ~ Colored White/ Red. Systematically track your Zeebo experience, before and after taking a Zeebo pill. Hydrocodone 10mg mg high Buy hydrocodone europe What is hydrocodone apap 5mg mg Legally buy hydrocodone online Hydrocodone price Hydrocodone 5 acetaminophen mg tab 5/ mg hydrocodone street value Buy hydrocodone online uk Hydrocodone mg street value Price hydrocodone. Oct 23, - In the last year, did you recommend a placebo treatment to a patient? Yes, 55% of the doctors said. What did the doctors actually tell their patients? Over two-thirds of those who prescribed placebos told patients they were getting "medicine not typically used for your condition but which might benefit you.". Aug 10, - Randomized double-blind placebo controlled crossover study of acetaminophen, ibuprofen, acetaminophen/hydrocodone, and placebo for the relief of mg of ibuprofen, the combination of mg of acetaminophen with 10 mg of hydrocodone, or placebo (mg of lactose) in a randomized order. A double-blind, single-dose comparison of the analgesic efficacy of tramadol/acetaminophen combination tablets, hydrocodone/acetaminophen combination tablets, and placebo after oral surgery. Fricke JR Jr(1), Karim R, Jordan D, Rosenthal N. Author information: (1)Austin Oral Surgery Associates, Texas , USA. Aug 28, - ABSTRACT. Objectives. To compare within the same individuals two typically prescribed doses of hydrocodone/acetaminophen and oxycodone/acetaminophen products for their subjective, psychomotor, and physiological effects in healthy volunteers. Design. A randomized, placebo-controlled. combination of mg of acetaminophen with 10 mg of hydrocodone, or placebo (mg of lactose) in a randomized order over four separate occasions each 1 week apart. Prior to receiving the drug on each study day, subjects placed their nondominant hand in a bath of 0C water for 45 seconds. The bath was. The purpose of this study is to evaluate the effectiveness (level of pain control) and safety of the administration of Extended Release Hydrocodone/Acetaminophen and Immediate Release Hydrocodone/Acetaminophen with placebo over a 12 hour dosing period in patients who have had a bunionectomy, and to assess the. We think it's time for placebos. There are a lot of spoof sites about placebos out there. This isn't one of them! We actually sell placebos. Just click on the Buy Placebos button. The 'placebo effect' really exists. But placebo tablets small, inert, side-effect-free sugar pills are actually very hard to find, and that's one reason.
