Lots of us take Sertraline but what we do not realise is many of the side effects may be caused by taking a generic version of the drug as opposed to the original brand Lustral. They're legal and genuine and tested. Check it yourself by following the post from "rddykie" on this thread: I am on my 4th tablet on second prescript and both prescript were sertraline but different manufactory neither were lustre. We want the forums to be a useful resource for our users but it is important to remember that the forums are not moderated or reviewed by doctors and so you should not rely on opinions or advice given by other users in respect of any healthcare matters. This content does not have an Arabic version. I believe Dr reddys are made in India though, and I can only imagine their GMP good manufacturing practice is shall we say different to the uk! Nothing else is wrong. I believe you are absolutely right! Be careful what you say on this forum as you may be creating more unwanted anxiety for folk here This 'can' lead to many undesirable side effects, and even if the first generic brand is ok then you change to a different brand this can also have adverse side effects. Ive had so many people specifically request Dr reddy brand of other drugs, eg.Brand Names: Zoloft. Generic Name: sertraline (Pronunciation: SER tra leen). What is sertraline (Zoloft)? What are the possible side effects of sertraline (Zoloft)? What is the most important information I should know about sertraline (Zoloft)? What should I discuss with my healthcare provider before taking sertraline (Zoloft)? Dec 21, - Find a comprehensive guide to possible side effects including common and rare side effects when taking Zoloft (Sertraline Hcl) for healthcare professionals and consumers. Apr 29, - That said, it is not at all rare for patients who switch to a generic from a brand-name medication to experience a difference. Sometimes they feel a return of the old sadness, anxiety, and helplessness that the antidepressant helped to lift. Other times, they get an unusual jolt of the same side effects that hit. Sertraline HCL. COMMON BRAND(S): Zoloft. GENERIC NAME(S): Sertraline. Read Reviews ()Get Prices. Show More. Uses; Side Effects; Precautions; Interactions; Overdose; Images. Uses. Oct 28, - It was released under the brand name Lustral and marketed as a safer alternative with fewer side effects and withdrawal symptoms than competing drugs like Prozac. The Food and Drug Administration (FDA) approved Zoloft in By , it was reportedly the most popular antidepressant on the U.S. Oct 29, - The generic sertraline from Aurobindo made me feel like I was on some sort of 'speed,' and it appears that others are feeling some pretty negative side effects as well. I had done very well for years on the Greenstone generic, but within two days of starting the Aurobindo tablets, I began feeling manic and. What is sertraline? Sertraline oral tablet is a prescription drug that's available as the brand-name drug Zoloft. It's also available as a generic drug. Generic drugs usually cost less. In some cases, they may not be available in every strength or form as the brand-name version. This drug is also available as an oral solution. Sertraline (Zoloft) is an inexpensive drug used to treat depression. It may also be used to treat obsessive compulsive disorder, panic disorder, post-trauma stress, premenstrual dysphoric disorder (PMDD), or social anxiety.
