The IOCCP developed a 4-step work plan leading to the initial assessment of the existing observing network. Framework for Ocean Observing. Input of a wider community was invited before, during and after the town hall meeting organized during the OSM'14 in Honolulu. Home Framework for Ocean Observing. This list would enable funding of the interdisciplinary, integrated global ocean observing network the improved, multidisciplinary GOOS. Moreover, strong efforts to harmonize the work of three panels have been made to ensure that the vision of a truly multidisciplinary GOOS is gradually being realized. Comments, inputs, edits and any other types of interaction are welcome! Based on impressive agreement among the many groups present and their strong desire to work collectively, the sponsors commissioned a Task Team to develop an Integrated Framework for Sustained Ocean Observing hereafter referred to as the FOO. While these documents are being continuously improved, public release of updated versions is planned no more frequently than on an annual basis. The concept of optimally designing the multidisciplinary, multi-platform observing system based on the characteristics of key ocean phenomena to capture is challenging but lies at the heart of the FOO. Furthermore, it is very much complementary to the traditional approach of setting targets per observing network, e. The FOO was published in May and the implementation process started shortly after. The workshop resulted in drafts of project implementation strategies developed under three 'demonstration themes': First tangible outcomes of these proposed projects could emerge just in time to be highlighted at the OceanObs'19 Conference. Jan 23, - Erectile dysfunction is a very common condition, one which affects most men at some point in their lives.
