Sadly those yellow ones seem gone! Thats about it man, theres a lot of manufactures but the bottom line is the FDA has strict regulations and the only ingrediants that differ are binding agents etc. Recently updated for , the Tarascon Pocket Pharmacopoeia continues the high-quality tradition of a convenient, organized, and concise pocket manual packed with vital drug information meticulously peer-reviewed by experts I saw a few yellow norcos last week, had a v on them. Does that brand name even exist anymore? And what is the "yellow Watson" hydro tablet???? I had a prescription in and Walmart gave me the yellow Watson generics. Recently updated for , the Tarascon Pocket Pharmacopoeia continues the high-quality tradition of a convenient, organized, and concise pocket manual packed with vital drug information meticulously peer-reviewed by experts and clinicians of multiple specialties. I dont really notice much difference in any of them. I started to notice a difference among generics. And what about Loratab? Multiple invaluable tables supplement the drug content, including opioid equivalency, emergency drug infusions, cardiac dysrhythmia protocols, pediatric drug dosing, and much more! Other Drugs Posting Standards Addicted and need help?Hydrocodone/acetaminophen (Vicodin, Lorcet, Lortab, Norco, Xodol, Hycet) is inexpensive drug used to treat moderate to severe pain.
