If I take any other medicine be it strong pain killers, I can't sleep. I am scared to go anywhere without it. I suggest that you speak with your doctor about this issue. I usually take Amyltriptan first and then Omprezole to line the stomach, wait one hour if I can bear it then take mg Naproxen. I'd suggest that you refer your family to this article. It's possible that you're experiencing drug dependence. As naproxen has no euphoric effect, it's not possible to become addicted to it. I have been using Naproxen for three years. During dependence, your central nervous system adapts to the presence of naproxen and goes through withdrawal when you don't have it. I am really happy to hear back from you. Even after one mg tablet I get bound up. Get Addiction Help Now. They say that I have got addicted to Naproxen that is why even if I take half tablet of mg naproxen, I sleep atleast peacefully for the night. I also noticed a very hot electrical feeling in arms and legs. This is different than drug addiction. I only take this combo when needed. I have been taking Naproxen for nearly a year for my menopausal migrains. However, you should ask your doctor about possible drug interactions before you start taking naproxen regularly, and always seek help if you experience skin changes such as rashes or swelling, difficulty breathing or difficulty urinating. I take 10mg Oxy neo twice per day. Maybe these two medications interact with each other, hence the negative effects.
