Four wives, two mistresses and a double agent: Krill show surprising skill at breaking down plastics. They would have to decide that this is a public health priority". Bill Shorten is buffeted by the politics of Adani. The number of women who receive PBS benefits for oral contraceptives has been steadily falling and decreased by 35 per cent between and , according to a Family Planning NSW report. The newer-generation pills contain different hormones and usually a lower dosage than their predecessors, and can have additional benefits such as reducing acne in some women, or being less likely to cause weight gain as a side effect. Cervical cancer 'could be eliminated in Australia within 40 years'. Family Planning NSW medical director Dr Deborah Bateson said the effect of higher prices is most acute for women on lower incomes, whose choice of contraception is limited by what they can afford. If you have inside knowledge of a topic in the news, contact the ABC. Your smart device could be used against you in court. As a community, Australia underestimated the impact such conditions could have on a woman's quality of life, she said. Sport Shot to the heart starts career as female roo shooter. Before that, the most recent oral contraceptive to receive a PBS listing was Levlen back in At the same time, Australia's health policies trail other markets such as the United Kingdom and the United States, which have enacted policies to make a range of contraceptives available for free. Why are uptake rates of alternatives to the pill so dismal in Australia? But many of the suppliers of new generation contraceptives have not sought a PBS listing, with one of the key reasons being that it involves presenting evidence that is costly to obtain. She said cost barriers also put pressure on women who have been prescribed a hormonal contraceptive to manage conditions such as polycystic ovarian syndrome, endometriosis or heavy menstrual bleeding and, having considered other options, find that one of the newer brands of pill is the best fit for them.
