Do some research on it before you just blindly use it, combing it with alcohol can kill you. The white and pink contain the drug in 54mg pills. This Concerta price guide is based on using the Drugs. For your next question on the xanax, that depends to. I used to just bite them before swallowing, and suck the coating off. Dexedrine and Ritalin are totally different highs from each other, Ritalin is more comparable to cocaine, where as Dexedrine is more comparable to Meth. I thought i saw once where it was something like "dimethylphenidate" but can't find it now. Concerta offers may be in the form of a printable coupon, rebate, savings card, trial offer, or free samples. If you really want them though I've seen people who aren't that intelligent get away with faking ADD and have gotten scripts from the doctor. By dexies do you mean dexedrine spansules? A person I know is prescribed 54mg concertas. He wants to sell me 5 54mg concertas and mg xans for \$ He's also bringing 2 36mg concertas 10mg Ritalin/ 36mg Concerta street price. Concerta seems like a cross between Vikadin and Ritalin; more of a happy feeling, less body buzz (I know it doesn't work for everyone, but Vikadin makes me so happy it nearly hurts my face). Well, I've been looking into street prices for pills and I thought they'd be a lot more since I wasn't getting them. Jul 6, - Not more than \$5. But, its just Ritalin by another name and not that popular any more. Adderal or whatever it is, apparently gives a MUCH better high so its often difficult to sell the Ritalin stuff any more. ? My friend just gave me 19 Concerta pills with alza 54 on the side of it i did some research and it is 54 mg concerta tablet its redish brown and pretty small. I wanted to know what recreational effects that it has and any percausions before taking it, also whats it's street value? UnsettledBrute, Sep 3, well my friend wants to get some house work done and asked me if concerta had any rec value. help me out. I find tons of recreational value to these despite what most people say. What I do is take 3 36mg concertas break the outer Man that is rough, is that the street value? I have a script of these. 5\$ but you can charge as much as you can get away with. Now is a good time for you to take plenty of hot baths or showers. Do not under estimate the value of hot baths for reducing the muscle aches and the hibbie jibbies that you are feeling. Best of all you can have as many as you want per day. BTW: just found out I am probably going to be going to Brazil on business How is Missing: Feb 5, - If I got rid of the time release mechanism of the concerta, would the rush be too intense (oral route)? Any previous experiences will be much appreciated by my friend:). Feb 5, #2 The mgs aren't equivalent though (I thought that 30mg of addy doesn't necessarily match 30 mg of concerta..). Swim told.
