Read the label of any other medicine you are using to see if it contains aspirin. Avoid drinking alcohol while taking aspirin and codeine. Please allow 48 hrs for order processing and up-to working days for delivery. Also this thread is over 2 years old so I don't think the original poster is still reading it. Almost as bad as an accidental Narcan overdose. Always seek the advice of a certified physician or other qualified health care professional before starting any new treatment or medicine. Aspirin is the generic name of Acetylsalicylic Acid. Mayo Clinic Marketplace Check out these best-sellers and special offers on books and newsletters from Mayo Clinic. Originally Posted by newfoundland. This combination product contains three medications: acetylsalicylic acid (ASA), codeine, and caffeine. ASA belongs to the group of medications called analgesics (pain relievers), anti-inflammatories, and antipyretics (fever reducers). Codeine belongs to the group of medications called narcotic analgesics. Caffeine belongs. Acetylsalicylic Acid, Caffeine & 8 mg Codeine Phosphate: ASA - caffeine - codeine is used for the relief of mild-to-moderate pain, fever, and inflammation. It may be used to treat conditions such as headaches, pain due to cold symptoms, toothache, pain of menstrual cramps, arthritis pain, and the pain caused by muscle ?How does this medication ?How should I use this ?Who should NOT take this. Animals; Aspirin/administration & dosage\*; Aspirin/pharmacology; Behavior, Animal/drug effects; Caffeine/administration & dosage\*; Codeine/administration & dosage\*; Dose-Response Relationship, Drug; Drug Combinations; Female; Haplorhini; Injections, Intravenous; Lysine/pharmacology; Macaca; Male; Self Medication. The effect of acetylsalicylic acid (ASA), caffeine, and codeine on the metabolism of [14C]phenacetin was studied in the rat. The blood concentration profiles of radioactivity were altered by ASA but not by caffeine and codeine. It was suggested that ASA reduced the rate of phenacetin absorption and elimination.
