Our Naltrexone Prescribers list has been generated using. I have also been turned down by Pharmacy2u 3 times now, and can't find any on line pharmacies that sell without a prescription, Im going in circles!! Since there are people on this forum who have managed to get it I am clearly doing something very wrong! Can anyone advise? I am on anti-depressants so Naltrexone/Nalmefene (Selincro)/The Sinclair Method. Get a nice new manilla folder. 4. Click here for the LDN FAQs -- Frequently-Asked A doctor is more likely to prescribe an experimental drug if he thinks your health is not in immediate jeopardy. 3. Keep in mind that many doctors are simply unaware of Low Dose Naltrexone. Some doctors might think you are asking for. May 29, - This probably sounds like a stupid question, but how can one get a prescription for Naltrexone without going to a doctor, and risking to have alcoholic be forever on your medical records? I think that any other health problem to come in the future would be secondary to the label of having an addiction. Drugs on the basis of naltrexone are in demand because they are less harmful to health, and the person treated with them just stops to enjoy alcohol. However, the reviews show that the effectiveness of the method is high only when the patient deliberately wants to get rid of alcohol addiction. For good sustainable results. good morning,I was wondering if a general practitioner could prescribe the prescription drug nalprexone for alcoholism? Im 28 and have As im desperate to get sober. Thanks . What worked for me was getting a psych referral to an addiction specialist who strongly suggested inpatient rehab. I did more. Locate a healthcare professional in your area who can discuss VIVITROL (naltrexone for extended-release injectable suspension) with you. Private insurance: commercial insurance you get from your employer or purchase individually. Public insurance: government plans such as Medicare and Medicaid. IMPORTANT. Free searchable directory of doctors prescribing Low Dose Naltrexone (LDN). Search for a doctor near you and get started on LDN today. There is relatively little documentation regarding the effectiveness of the treatment in off-label uses, so there are no widely-accepted dosage & administration guidelines and it might be difficult to get a prescription to buy Naltrexone for such conditions. On the plus side, off-label uses typically involve low doses (under 50 mg).
