This content does not have an Arabic version. The creators of Phentramin-D, Lazarus Labs, have designed a weight loss supplement meant to be an alternative to prescription diet pills like Phentermine. To help you find the best products and supplements similar to phentermine that are available over the counter in most countries, we will try and detail popular products such as Phentabz from Lexium International, Phen , Phentramin-D and Nexgen Biolabs Phenrx. Any use of this site constitutes your agreement to the Terms and Conditions and Privacy Policy linked below. Phentermine isn't a good option if you have heart disease, high blood pressure, an overactive thyroid gland or glaucoma. It can help weight loss by decreasing your hunger or making you feel full longer. There have been lots of similar attempts by companies to make an over the counter weight . It is indicated for people who are obese, and who have failed to lose enough weight with diet and exercise alone not for people who want to lose just a few pounds. About Phen Phentemine is the most popular of the over the counter phentermine alternatives. Obesity is becoming a common problem all over the world, and this is why many pharmaceutical companies are competing against each other by producing weight loss supplements. Free E-newsletter Subscribe to Housecall Our general interest e-newsletter keeps you up to date on a wide variety of health topics. Mayo Clinic does not endorse companies or products. Stay tuned for ratings and reviews of various other substitutes and pills available in the fast moving weight loss and appetite management market: Phentermine is an appetite suppressing weight loss management prescription drug that has produced some great results for seriously obese people. Mayo Clinic Marketplace Check out these best-sellers and special offers on books and newsletters from Mayo Clinic. Although phentermine is one of the most commonly prescribed weight-loss medications, it has some potentially serious drawbacks. Phentermine is also available in a combination medication for weight loss Qsymia. Gentech Pharmaceutical created PhenTabz as an alternative to the prescription weight loss drug Phentermine.
