In one patient he removed by enucleation thirteen cysts, varying in size from that of an almond to that of a pea, from one lobe of the thyreoid, and at a subsequent operation six cysts were removed from the opposite lobe. Your browser does not have JavaScript enabled and some parts of this website will not work without it. The results of the operations were cessation of pain, return of good digestion, and com- mencement of increase in weight. Bennett in a clinical lecture at St. George's Hospital, London, and reported by Dr. He calls particular attention to the necessity of cutting down thoroughly upon the wall of the cyst before attempting enucleation, as by doing this the haemorrhage is greatly buspar 10 mg three times day lessened. Lucas Championniere has practised the operation buspar 30 mg high with success for four years and be- lieves the adhesions to be the result of abscess of the liver or colon.
