The little blue pill has gone generic. A tablet of Pfizer's Viagra, left, and the company's generic version, sildenafil citrate, at Pfizer Inc. On Monday, generic versions of Viagra, the blockbuster medication used to treat erectile dysfunction, became available in the US. To compete with these versions, Pfizer, the company behind brand-name Viagra, launched a generic version at half the price. The drug, used to treat erectile dysfunction, has been a billion-dollar drug for the pharmaceutical company Pfizer for almost two decades. Viagra was the first drug approved to treat erectile dysfunction, though competitors like Cialis came out shortly after. AP Viagra has gone generic. Dec 7, - Pfizer announced plans to release its own generic version days before Teva's version arrives on the shelves (Teva has planned a generic version since). This will allow Pfizer which sold more than \$1 billion of Viagra in the US in to keep some of that cashflow coming in. Other generic. Dec 11, - Pfizer will offer its own generic version of Viagra, to compete with the first generic version of the drug brought to market today by Teva after years of patent battles. Dec 9, - Viagra is about to get much more affordable. Just in time for its 20th FDA-approval anniversary, the blue little pill which is one of the most counterfeited drugs in the world will now have a generic version, offered by Pfizer, the original manufacturer. The cheaper alternative will hit U.S. shelves next. Dec 11, - The generic versions of the little blue pill will likely be cheaper than brand-name Viagra for most men. Viagra has not been available as a generic until now. "The hope is that [the introduction of generics] will reduce the cost, and patients will have greater access to Viagra, which has been an important. Dec 11, - The generic version will cost roughly half the price of the \$65 brand-name pill, and the price is expected to fall by as much as 90% by The little blue pill has gone generic. On Monday, generic versions of Viagra, the blockbuster medication used to treat erectile dysfunction, became available in the US. Dec 6, - Starting Monday, Viagra will be facing stiffer competition. Teva Pharmaceuticals USA Inc. and Pfizer will each begin selling generic versions of the medication. Despite online advertising that touts generic versions of Viagra and other ED drugs, no legal alternative to generic ED drugs will be available in this country until late when Teva's generic debuts. The so-called generics advertised online are more than likely counterfeits that will produce no results at all and may. Dec 6, - TRENTON, N.J. The little blue pill that's helped millions of men in the bedroom is turning white. Drugmaker Pfizer is launching its own cheaper generic version of Viagra rather than lose most sales when the impotence pill gets its first generic competition next week. Pfizer Inc. will begin selling the white. Dec 7, - More generics will become available next summer, which could drive prices down by as much as 90 percent. Dec 11, - Additionally, patients can call Teva customer service, TEVA USA () for assistance in finding a local pharmacy that carries Teva's sildenafil tablets and that can fill their prescription. With nearly generic medicines available, Teva has the largest portfolio of FDA -approved generic.
