Feb 21, - The pills were about half the size of the ones I'd been getting, which suggested they contained less of a matrix substance to slow the release of the metformin. And sure enough, when I took the same dose I had been taking with no problems with the Teva brand metformin, I felt exhausted and semi-poisoned. Teva-Metformin: Metformin belongs to the class of medications called oral hypoglycemics, which are medications that lower blood sugar. It is used to control blood Any specific brand name of this medication may not be available in all of the forms or approved for all of the conditions discussed here. As well, some forms of. Results 1 - 14 of 14 - rubeninorchids.com dad needs the metformin by teva mg but the pharmacies they have been going to can not get it for rubeninorchids.com lives in northern New Jersey. He NEEDS this medicine where or how can he get it? Thank U ## Ok i have been on teva brand metformin with NO side affects at all. It is amazing my. Well after 2 years of very few side effects, Walgreens just switched from Ivax to Teva for their manufacturer. Can you guys check your bottles and see if any of you have Ivax metformin? Perhaps Target, Walmart, etc might have my old brand. I really want to switch back if I can. I went from having no side.
