Speaking of it i am on 11 blocks of them and 4 footballs!!!! I can't tell about the proportions of the binders etc but I don't see why there would be a difference. On a side note: It's still a shitty fucking law; if I am paying money and the medicine contains the same active ingredients, there should be NO WAY the pharmacy can restrict my choosing brand name over generic. And this is even if I am paying with my own money, it's not an insurance issue. But there can be some difference in potency. This ironically, proved to be an advantage in my case, as the generic, powdery, non-waxy pills were more easily crushed up and consumed I doubt it is, however, as the first time I got generic instead of brand name this was the first time I refilled my meds after starting to use fiorinal for my cramps 5 years ago I didn't even KNOW that I was on generic. I'm not generally a brand name person or anything. The Pharmacy makes FAR more profit pushing the generic over the branded product, and in turn passes this along to the Pharmacist. Personally, the whole situation smells of conspiracy to me Working myself for a Biotech firm and being in this industry for the past 5 years, I can honestly say there IS a difference with some meds - but I do not feel that it would be fair to say that all generics are less efficacious.

Jul 21, - 2 Answers - Posted in: xanax, anxiety, panic disorder, alprazolam, generic - Answer: Hi Sr, I have taken both and there is no difference between Is Alprazolam and xanax the same thing? Oct 9, - Although both drugs contain the same active ingredients, Alprazolam is manufactured by various pharmacologic companies while Xanax is solely and exclusively produced by the Pfizer Company. However, in some instances, the Food and Drug Administration allows the generic drugs to contain dissimilar. Jun 8, - Is Brand name Xanax stronger than Generic XanX(Alprazolam)? My pharmacy sells Brand name Xanax for like \$ dollars and Generic who own the patent for this drug and its best deal, but there's dozens of generics that are equally strong or even stronger-that's depending on the country of course. Also whenever brand Norco is recalled, the generic (which looks exactly the same for a fraction of the price) is also recalled. The placebo effect is very strong. rubeninorchids.com Blue pills work better for sleep, two pills work better than 1, a shot is more effective than a pill And it's not just in. I was wondering if anyone has noticed any potency/quality differences in generic versus brand name alprazolam? One of my friends uses benzos frequently, and claims that the generics feel about half as strong to him. That could just be an excuse to use twice as much though. I know they are supposed to. May 7, - Xanax and Ativan tablets are both scored, so pill splitting is an option. Xanax comes in to 2 mg tablets as does the generic alprazolam. The extended release Xanax or the generic alprazolam XR comes in mg to 3 mg doses. The extended release tablets should never be broken or split. Your generic. Jul 25, - Valium and Xanax are both brand-name versions of different generic drugs. Valium is a brand name for the drug diazepam, and Xanax is a brand name for the drug alprazolam. Both of these drugs are minor tranquilizers. They work by helping to boost the activity of gamma-aminobutyric acid (GABA). Oct 19, - Hello everyone - I know a lot of people have wondered about the difference between brand and generic Xanax (alprazolam). I hadn't really rubeninorchids.comg: strong. Many prefer the white. When considering any pill, you must take into account the original BRAND pill. Take note of its color. In this case, it is white- therefore a white generic pill will be more pure and closer in form and pharma make-up. Xanax 2 is not green, so Dava's green isn't the best. And, it just doesn't work as well. Alprazolam is available in generic form, and you need a prescription from your doctor or other health-care professional to obtain this drug. Brand names for alprazolam are Xanax, Xanax XR, and Niravam. Stress Pictures Slideshow: 10 Ways to Stop Stress. Tips to Fast Stress Relief Take the Panic Attacks Quiz! Generalized.
