Substitutes and alternatives to Aciphex (rabeprazole) for uses like and undefined. Prescription only; % of people say it's worth it; 1 dosage forms; \$ is the lowest price near you; Want to save even more money? Over-the-counter; 75% of people say it's worth it; 3 dosage forms; \$24 is the lowest price near you. This drug has an alternative available over the counter without a prescription. If you're paying out of pocket (you don't have insurance or your insurance doesn't cover this drug), this may be a less expensive option. However, if you have insurance that covers the prescription version, your co-pay may still be lower. Keep in. Feb 2, - Aciphex is in a class called Proton Pump Inhibitors (PPIs). It is a shame that some insurance companies have completely quit covering this entire class of medications for the year Unfortunately, Aciphex (generically known as rabeprazole) is not available over the counter, but many medications that. Search Results for rabeprazole (ACIPHEX) If the drug is not a Do Not Use product, information on adverse effects, drug interactions and how to use the medication are included. Search results below include drug profiles where your selected drug is a primary subject of discussion. esomeprazole (NEXIUM, NEXIUM, generic name for Aciphex) visit: rubeninorchids.com AcipHex (rabeprazole) is a proton pump inhibitor that decreases the amount of acid produced in the stomach. TUESDAY May 10, -- A popular over-the-counter heartburn medication accelerated aging of blood vessel cells in lab tests, raising red flags about its. I tried everything available and nothing helped until my doctor prescribed Aciphex. No more pain. It is the best thing on the market. I do not know why it is not over the counter. My insurance has tried to have my doctor switch me to a less expensive medicine, but they didn't work and I had to pay the higher copay for Aciphex. Feb 22, - Five popular heartburn drugs work in essentially the same way, but only one of them, Prilosec, is sold without a prescription. Does that mean it is not as effective as the others? No, doctors say, Prilosec works just as well as the prescription drugs for most people - but only if they can get their hands on it. Rabeprazole, the generic product is not produced by the same company that makes the brand drug (Aciphex). Start saving when you buy Aciphex online from rubeninorchids.com We've got discount Aciphex and generic rabeprazole at the lowest online prices! For a trusted online pharmacy that dispenses quality. Dec 1, - Sore Throat Claritin Nasal Congestion Pepcid Black Stool Citalopram Drug Abuse Cod Jobs Prescription CarisoprodolIs Arthritis A Chronic Disease IllnessesBuy Rabeprazole Sodium Non Prescription Aciphex, JoyFun Forums. Rabeprazole is used to treat certain stomach and esophagus problems (such as acid reflux, ulcers). It works by decreasing the amount of acid your stomach makes. It relieves symptoms such as heartburn, difficulty swallowing, and persistent cough. This medication helps heal acid damage to the stomach and esophagus.
