Well, the reason for this is actually quite complicated. A second reason why there is still no generic Advair on the market is because, while the U. Patent and Trademark Office and assigns exclusive legal right to the patent holder to protect the proprietary chemical formulation. Ask your health care provider for advice if you are unsure about the online purchase of any medication. Exclusivity is a statutory provision and is granted to an NDA applicant if statutory requirements are met. One reason is because the medicine is a combination of a complex formula, and once a generic version is available it has to be run through a gamut of tests, and then has to be approved by the FDA. Exclusivity is exclusive marketing rights granted by the FDA upon approval of a drug and can run concurrently with a patent or not. John Bottrell is a registered Respiratory Therapist. The patent assigns exclusive legal right to the inventor or patent holder, and may include entities such as the drug brand name, trademark, product dosage form, ingredient formulation, or manufacturing process A patent usually expires 20 years from the date of filing, but can be variable based on many factors, including development of new formulations of the original chemical, and patent infringement litigation. Since the drug is so profitable in a very difficult market, GSK will do anything and everything in its power to prevent competition. What can I do to prevent this in the future? Available for Android and iOS devices./50 mcg; /50 mcg; /50 mcg. The recommended daily dose is 2 inhalations a day. One dose is to be taken in the morning and another in the evening.
