Procreation is something the Catholic church encourages. Manage my subscription here Manage. And they argue that's neither hypocritical nor sexist. Vasectomies, on the other hand, are banned by Catholic-sponsored health insurance. February 13, 5: He said that supervising consultants do not have the backup to allow trainees to opt out if they have moral objections to such work. Thus they will not be condemned. Over time the Coordinator might incorporate representatives from public authorities, tourism boards, cycling organisations, public transport companies and other service providers in order to create a Coordination Centre. However, conscientious objection to abortion is allowed because of specific provision in the Abortion Act. Still, Richard Doerflinger of the U. The use of drugs and surgical interventions to enable sex "bear witness to the art of medicine". How can the church obligate someone to use a specific drug? What about coverage for medicines to help men with erectile dysfunction? Accessibility links Skip to main content Keyboard shortcuts for audio player. The financing of EuroVelo projects at the national or regional level is through European institutions e. Jim McManus, the Vice Chairman of the Healthcare Reference Group for the Catholic Bishops' Conference of England and Wales, said that any move that would result in Catholics being excluded from practising as gynaecologists would be unlawful. If the married couple is beyond child-bearing age, but otherwise are open to life, then it could be morally licit to use Viagra if it helps keep the love and affection alive between husband and spouse. But the Church cannot oblige its members to use external methods to counter what God has caused them to be. Sebastian Langer 6. By posting your answer, you agree to the privacy policy and terms of service. Sep 28, - Dear Grace, I know that the Catholic Church prohibits artificial birth control because it goes against nature. What is the Church's position on Viagra? I think it goes against nature just as much as artificial birth control does. The Church has not condemned the use of Viagra, but your question is interesting. Feb 14, - Procreation is something the Catholic church encourages. And Viagra and other erectile dysfunction drugs can be of help. Ohhhhhhh. So when Bob Dole started shilling for Viagra at the age of 75, obviously, it was because he was concerned about men not being able to impregnate their wives, right? A reader asked her the following question: "Dear Grace, I know that the Catholic Church prohibits artificial birth control because it 'goes against nature.' What is the Church's position on Viagra? I think it goes against nature just as much as artificial birth control does." MacKinnon's response: "The Church has not condemned. Feb 13, - Procreation is something the Catholic church encourages. And Viagra and other erectile dysfunction drugs can be of help. Still, Richard Doerflinger of the U.S. Conference of Catholic Bishops tells me that many Catholic-based health plans are now adding caveats that such drugs "should be prescribed for a. Jun 14, - Is the use of viagra morally acceptable by the Catholic Church? The morality of the use of any medicine depends on the object, the intention, and the circumstances. Assuming that the Viagra medicine has only one purpose, to facilitate the marital act, then it can be taken licitly only by married people who. Jan 25, - Today we link that view primarily with the Catholic Church, but Protestants have an honorable history of anti-contraceptive crusaders as well. Last week Mark Oppenheimer reported in The New York Times that certain evangelical Protestant strains are reviving that point of view, in an article that included this. Oct 28, - What there is is an obligation not to deliberately prevent the conception of children (because of the sanctity of life outlawing abortion, and the provision of the conjugal act for procreation). Married Catholics who follow the teachings of the Church are likely to have lots of children; most couples will not want to. It is often used as the primary justification for most of the Catholic Church's moral teachings in bioethics.
