Ordering from such a pharmacy if it even truly is a pharmacy is a big mistake. Since it's not legal in the U. The law says you must have seen the prescribing doctor in person. It seems to me that some diseases have become more frequent and now I more often hear about panic disorders and anxiety disorders. The "offshore pharmacy" gig is a well-known feeding ground for scammers and rip-off merchants; even formerly reputable suppliers have been known to go "rogue", sending counterfeit medications or just stealing your money, pure and simple. These guys were posing as DEA agents and it was pretty convincing the first few times they called and were. Usually it is recommended to buy Xanax online for not more than three months. If they sell you a drug without requiring your doctor's signature on a prescription or if their "doctor" has written a prescription for you even if that doctor has never seen you in person, then you and the pharmacy are in violation of the law. And you can't do a thing about it unless you are willing to report to LE that you were trying to order something illegal! It concerns a lot of drugs and if you will follow my advices you can be sure that the medicine will work and every day you will feel better and better. Not only will they take your money and if they do actually end up sending you something it is usually not the real thing but counterfeit. On top of all of that I know that some of the sites that used to be pretty popular for that sort of meds was keeping customers credit card info and charging lots of money to them, so ripping them off even further. There's no sourcing allowed here. She ended up not buying but had put some information on one of the sites personal info but not credit card info then changed her mind and didn't go through with it.
