You can change this and find out more by following this link. Dr David Edwards, a GP and expert in sexual dysfunction, said for blokes the ability to get an maintain an erection is of "paramount importance". Jump directly to the content. You can change this and find out more by following this link Close. The erectile dysfunction drug is currently only available to men after they have seen their GP. Dr Berkeley Phillips, UK medical director at the drug's company, said: Viagra Connect, which contains the same active ingredient as regular Viagra - the drug sildenafil - will be available to men aged 18 and over. And experts said it will help crackdown on men buying dangerous counterfeit drugs from "illicit sources". The change comes after an extensive and detailed review process, which included public consultation. Pfizer, who makes the drug, said they will be carrying out training with pharmacies across the UK, ahead of the changes coming into effect in the spring. If your man suffers erectile dysfunction chances are YOU might be partly to blame. It marks the first time the MHRA have reclassified an erectile dysfunction drug from prescription only medicine to pharmacy status in the UK. Doctors welcoming the change said it will make a big difference to men's lives - with around half of men affected by impotency at some point in their lives.
