I know it's hard convincing DH's Flashings and Gutters In the past year we have started to make our own gutters and read more. When I have another baby, I will probably order some just to have on hand, seeing how I had such a hard time with my supply last time. Yeah i would drink about 1 liter and about 15 mins later i could feel my milk gush into my breasts!!! I ended up only needing some to 'jump start' my supply when ds1 finally figured out how to latch at 4 mos old. Check out this website with contact info: Sports Fields Sports Field sheds, ball stoppers, floodlights With the popularity of read more. I did it with no problems- received it very quickly- in blister packs, so very tamper resistant. Maybe I could get a prescription from my CNM? You get an RX, take it to these pharmacies and they make it for you- just not the premade tablets. If you had a high enough supply, could you ditch the bottles? I've never heard of it and I'm a member of a few "low milk supply" groups. If you're worried about your supply just count diapers. They care about C. S about the "green drink", it's 49 organically grown veggies and grasses and they are somehow dried so that the nutrient value doesnt change.
