Funded medicines are listed on the PBS schedule, prescribed by doctors and usually dispensed by pharmacists. The PBS is a government-funded program to subsidise prescription medicines so they are affordable for all Australians who need them. Married at First Sight's Davina devastated by online abuse. Stephen Parnis, vice president of the Australian Medical Association, told Fact Check that the milligram paracetamol tablet is prescribed for people in chronic pain. If you have a prescription for paracetamol it can be subsidised by the PBS. All of these formulations can be bought by concession patients over the counter, either in the pharmacy or the supermarket, for less than they cost on prescription. Change to mobile view. With the contentious GP co-payment off the table, the Federal Government has set its sights on reining in the cost of subsidising medicines instead. Connect with Fact Check. The Pharmacy Guild of Australia, the peak body representing community pharmacies, declined to comment on Ms Ley's claim. Posted August 09. All 32 teams rated from best to worst. Is bold the new beautiful or is it the old beautiful? Woolworths told Fact Check the maximum number of packs of paracetamol one person can buy is four, restricted at the cash register.
