Sep 12 . Other top drug firms which market leading brands in these therapeutic segments include Zydus Cadila and Mankind. Chemists often crib that customers are hesitant to share personal information while buying abortion pills and pass on fake names and addresses, over which they have no control. The government has cited indiscriminate and rampant use of the drug without proper medical supervision as the reason behind the proposed ban. The decision to tighten channels of distribution for these drugs was agreed to after a near consensus emerged on the issue in the Drug Consultative Committee, headed by the Drug Controller General of India DCGI. Buying popular abortion pills Mifepristone and Misoprostol from your neighbourhood pharmacy may no longer be possible as the government is considering a ban on the open retail sale of these drugs and mandating their restricted sale only through doctors. Centre plans ban on open retail sale of abortion pills. A senior executive at a pharma firm in the supply chain department said some of these drugs are sold to pharmacies at the rate of R35 to 50, which in turn sell it at printed MRP of R to Of this, top drug firm Cipla dominates the combined abortion pill segment by commanding a lions share of R crore. Cipla is home to two brand leaders in these therapeutic categories MT Pill mifepristone and Misoprost misoprostol. At present, these early pregnancy termination drugs can be legally procured from pharmacists by furnishing a prescription. FDAs in states such as Gujarat and Maharastra have clamped down on the practice of chemists illegally doling out abortion pills at their discretion without asking for prescription. The Maharastra FDA, for instance, insists that chemists must preserve not only the prescription but preserve whereabouts of the buyers.If you are having an abortion with Mifepristone and Misoprostol, these step-by-step instructions are for you.
