An error has occurred. Wellpoint Health Networks, a large insurer, began the push to change the status of the top allergy drugs two years ago by petitioning regulators to force the makers of Claritin, Allegra and Zyrtec to make the drugs available without prescriptions. All content on this site is created by Jenny and her helpers and it's illegal to steal it! Come take a look! You are already subscribed to this email. Events Guide Television Theater Video: As allergy season peaks across much of the country, millions of Americans are paying much more for the medicines they rely on to keep symptoms at bay. You must select a newsletter to subscribe to. And millions more consumers would experience what allergy sufferers already have -- a substantial shift in health care costs onto their shoulders. This post may contain affiliate links. Search by Item Looking for a deal on something specific? But many health plans -- hoping to induce consumers to switch to over-the-counter Claritin -- are increasing the co-payments members pay for these drugs, or requiring a special request for the other drugs from a patient's doctor. You agree to receive occasional updates and special offers for The New York Times's products and services. Due to inactivity, you will be signed out of Walgreens. Consumers scooped up more than five million packages of nonprescription Claritin in the first three months of in drugstores alone, even before the allergy season began, according to the Hamacher Resource Group, a health care data firm. Some allergists also raised questions about the safety of people taking potent medicines without a doctor's supervision. Wellpoint insists that changing Claritin's prescription status benefited consumers. You've been signed out due to inactivity, but it's easy to pick up where you left off on Walgreens. Lower-priced generic versions of Claritin, made by Schering-Plough, are starting to appear on store shelves, and that could lower costs. If so, that could open the door to similar F.
