If you are in Canada, Apotex is awesome. I was of the mind that there is no difference between brand name and generic drugs, it is only with the Benzos where this theory applies. Exactly, if on your prescription it is written "Xanax" you are entitled to ask for xanax, if they do not have it, they can order it for the next day normally Brand name, generic - it's all the same. Initially, Alprazolam is the generic name for Xanax. Although both drugs contain the same active ingredients, Alprazolam is manufactured by various pharmacologic companies while Xanax is solely and exclusively produced by the Pfizer Company. Drug Exclusivity Exclusivity is the sole marketing rights granted by the FDA to a manufacturer upon the approval of a drug and may run simultaneously with a patent. However, I'd like to add that Qualitest makes a great quality 1mg alprazolam. The patent assigns exclusive legal right to the inventor or patent holder, and may include entities such as the drug brand name, trademark, product dosage form, ingredient formulation, or manufacturing process. A patent usually expires 20 years from the date of filing, but can be variable based on many factors, including development of new formulations of the original chemical, and patent infringement litigation. I also know purepac lorazepam ok I sound like a sales rep lol, are the best ativan Xanax is a brand name of alprazolam, approved by the FDA in the following formulation s: Fraudulent online pharmacies may attempt to sell an illegal generic version of Xanax. Exclusivity periods can run from days to seven years depending upon the circumstance of the exclusivity grant. What else besides xanax? Mylan GenPharm isn't too bad either. But as has been discussed many times, generics are no different to brand Name, i would attribute it to either, taste, texture or placebo. Aug 13, - I was on Alprazolam from "98"-"04", but the pharmacy stopped carrying the brand (Roache), and the new generic they had was like taking candy, did nothing for rubeninchids.com Pshyc explained that the filler in the various generics was the difference, and he started me on name brand in "04". I've been taking 8 mg Is Alprazolam and xanax the same thing? By designating a single reference listed drug as the standard to which all generic versions must be shown to be bioequivalent, FDA hopes to avoid possible significant variations among generic drugs and their brand name counterpart. AB, Products meeting necessary bioequivalence requirements. Multisource drug. Well just my 2 cents here but i'm sure i'm not the only who who has encountered this.. i've been on xanax since and i don't really need much to get me thru the day.. i usually take .5mg at a time and i used the brand name till the generic came out (I don't even recall exactly when that was now) and What Is The Best Xanax Generic? Feb 22, - I switched back to Xanax last month (peach mg footballs). They failed to kick in quick and ultimately just made me tired instead of relieving my anxiety and allowing me to function as well. When I got my script this month I specifically asked for a different generic and ended up with the Mylan generics (blue Which is the best generic version of xanax? curb a-lot of panic. Generic Xanax. The best generic brands are as follows 1) Greenstone - as they are manufactured by the same pharmaceutical company that makes the brand name pills and 2) Sandoz - they are as close to real thing, as a generic (other than Greenstone) can get to the brand name. My doctor always rights. Has anybody tried more than one generic brand of Xanax or Alprazolam?:confused: Which brand do you use or have you used? What differences could you notice between the brands? Which do you prefer? I started using Sandoz brand. I have always been skeptical about the whole anxiety thing and. Jul 11, - Has anybody tried more than one generic brand of Xanax or Alprazolam?
