An error has occurred. The drug is viewed as effective and relatively safe to help jump-start diets in patients who are obese. We Accept All popular payment systems:. Wade, who is 50 and unemployed, bought the drugs from a doctor who advertised his services in a newspaper. It may cause a sharp increase of the pharmacological action and this will lead to the uncontrolled weight loss and worsening of the health condition. It is insistently recommended to consult a doctor before the beginning of taking Phentermine, have all required medical examination and make sure of the absence of contraindications for the use. It is strictly not recommended to consume alcohol while taking the capsules of Phentermine because this may lead to the increase of the therapeutic effect and inhibition of the nervous system. As a result the patient will experience the side effects and allergic reaction may appear. Wade said the physician, Dr. These side effects are well tolerated and are not dangerous for the patient. Catizone, executive director of the National Association of Boards of Pharmacy. He has conducted research on phentermine use and concluded that it is not addictive. Best price for pills!
