Clinigene's operations should, however, stage a turnaround, with Biocon set to infuse funds. It is not only a differentiated play but also operates in a space that holds significant growth potential. Biocon's focus area is the supply of APIs active pharmaceutical ingredients belonging to the statins family that address the cardiovascular therapeutic area. This, however, need not be perceived as a negative. Its agreement with global major, Bristol-Myers Squibb, for the supply of RHI should provide impetus to the revenue stream. We believe that a comparison of valuations with Dr Reddy's or Ranbaxy may not be appropriate as they are predominantlyly formulation plays. Get listed to promote your APIs to thousands of customers worldwide. Without the technological, industrial, intellectual, organisational and research-related capabilities associated with competent pharmaceutical production, and without policies that pull the industrial sectors towards serving local health needs, the African sub-continent cannot generate the resources to tackle its populations' needs and demands.
