Always read the patient information leaflet before commencing treatment. Saturday, 10 March Order Within: Cialis has an extremely long duration of action in comparison to other erectile dysfunction medications and has been noted to work up to 36 hours after taking the pill. Select your preferred medication and complete a simple questionnaire to find out if the medication is suitable for you. Your medication is dispatched Medication is dispensed and delivered from our Central London Pharmacy. It is recommended to begin with the 10 mg tablet and continue if this is effective, as lower doses have less chance of side effects. Fast accurate order process and delivered next day as agreed. You can take it with or without food, but keep in mind it may take longer to work if taken with a heavy meal. Tadalafil is the name of the active ingredient in Cialis and is a medication used to treat erectile dysfunction. We offer a range of ED medications. However, after this time it will work continuously. All medication is sent using non-branded, discreet packaging. If you find that you are experiencing side effects or the 5 mg seems to be too strong for you, you can try decreasing the dose to 2. Just what I ordered and arrived promptly Service Review: How long will it last? Cialis Hour comes in two doses, either 10 mg or 20 mg. You may take it with or without food, as it will not affect how well it works. For many men suffering from erectile dysfunction the primary cause may be related to psychological issues and not physical ones. Take 1 tablet whole with a glass of water at the same time each day.
