One very popular brand of Alprazolam that is widely used today is Xanax. Wiki Research Mission Statement Donate! Im sick of my posts disappearing and me never being able to find them so I am going to re-post this. However, in some instances, the Food and Drug Administration allows the generic drugs to contain dissimilar inactive ingredients not very much like the branded drugs are made up of. Though Alprazolam and Xanax may be regarded as two similar drugs, there are some obvious and significant differences observed when these two drugs are studied very closely. Alprazolam and Xanax have different pill appearances and packaging. Alprazolam is manufactured by various pharmacologic companies while Xanax is solely and exclusively produced by the Pfizer Company. In a lot of aspects, both Alprazolam and Xanax have the same potency, compositional ingredients, speed of effectiveness, and even side effects. Alprazolam is a drug of the benzodiazepine class with a short-acting potency. Aug 13, - I have new insurance now and they will only pay 50% per script of name brand. I can't afford the a month to stay with name rubeniorchids.com I'm trying to find out what brands are the most popular in the group. I take Xanax for extreme GAD, and it also helps with bi-polar, BPD, COD, PTSD, sleeping and eating What is the difference between yellow Aprazolam. Well just my 2 cents here but i'm sure i'm not the only who who has encountered this.. i've been on xanax since and i don't really need much to get me thru the day.. i usually take .5mg at a time and i used the brand name till the generic came out (I don't even recall exactly when that was now) and What Is The Best Xanax Generic ? Generic Xanax. The best generic brands are as follows 1) Greenstone - as they are manufactured by the same pharmaceutical company that makes the brand name pills and 2) Sandoz - they are as close to real thing, as a generic (other than Greenstone) can get to the brand name. My doctor always rights. Feb 2, - Generic drug Alprazolam available with manufacturer details. Click on the desired brand to find out the drug price. It also said there is a difference in strength of the generics, and that SANDOZ is one of the weakest, and Greenstone (a division of Upjohn?) is the closest to the name brand Xanax. Greenstone is a subsidiary of Pfizer, I found out, and supposedly makes the best alprazolam, closest to name brand according. These include: Greenstone, Purpac Actavis, Sandoz, Mylan, Qualitist, Dava and the brand name Xanax. I find some work better than other and would like to know if anyone else has noticed this. I find the Greenstones and Brand name work the best. Purpac Actavis seem to work good as well (available at. I've been taking the brand Xanax for a couple years as an anti anxiety until my health insurance switched to the generic Mylan. Mylan generic performs nothing like the brand Xanax. It's only good as a sedative and has virtually no anti anxiety effect. It's not your imagination so don't let any Dr. or Pharmacist. Generics are supposed to be within 20% absorption of the brandname (in this case Pfizer Xanax) but they don't always make it. Connoisseurs of alprazolam generally demand brand name or else Greenstone (which makes the stuff for Pfizer). Sandoz is second best. Stada and Mylan get a lot of complaints. Your pharmacy. Tried Sandoz mg GG top w/ bottom (was the best but went began withdrawal after 2 days!), other 2 tried twice-Activis (purepac) mg yellow bar R and mg Greenstone (Pfizer) w/0 EFFECT! OLD BRAND WAS UPJOHN CVS GIVES ME PFIZER-but not printed on label; but pills say "XANAX" AND ARE. Oct 19, - i didnt know there was still a brand name of the fast act xanax? i know there is for the XR IMO the best fast act generic xanax seems to be the Greenstone brand.. at least thats the brand i have had the best luck with.. i have had other generics but they dont seem to be as effective.. but again this could be.
